BM in MUSIC EDUCATION: K–12 Instrumental Emphasis (484624) MAP Sheet
School of Music
For students entering the degree program during the 2015–2016 curricular year.
This is a limited enrollment program requiring departmental admissions approval.
This major is designed to prepare students to teach in public schools. In order to graduate with this major, students are required to complete Utah State Office of Education licensing requirements. To view these requirements go to http://education.byu.edu/ess/licensing.html or contact Education Student Services, 350 MCKB, (801) 422-3426.
Admissions: Students must enroll in Music 176, in which students will apply to the Music Education program. A limited number of candidates can be admitted into the program each year. See the School of Music office (C-550 HFAC) for details, or call (801) 422-8903.
Students are required to take an aural skills examination and may take it in one of three ways: (1) in a group, at admissions auditions on the last Saturday of January; (2) individually, at the BYU Testing Center (call 801-422-6147 to schedule times); or (3) individually by proctor at other locations (call the School of Music office to arrange). Students may take the exam as many times as desired to improve their score, but may not enroll in theory core courses (Music 193, 195, 197) until the exam is passed. Students who receive a score of 4 or 5 on the aural part of the AP music exam are exempt from this exam.
Students who do not have a keyboard emphasis (piano or organ) must complete the piano proficiency by the end of the sophomore year. Students can fulfill the piano proficiency by (1) taking one or both of Music 221, 222 or by (2) taking the piano proficiency exam (call the School of Music for more details).

**FACILITIES:**

The music faculty includes active performers, composers, music educators, conductors, theorists, historians, and media specialists who have chosen to mentor the next generation of musicians. They remain involved in their areas of specialization and are anxious to share the learning experience with students entrusted to their care. Many of the faculty have received prestigious recognition for their teaching scholarship, performance, composition, directing, or producing.

**THE DISCIPLINE:**

The School of Music celebrates musical artistry and understanding as core elements of the human experience, crucial components of a liberal education, and central aspects of a spiritual life.

In the School of Music, students learn self-expression and self-discipline through rigorous practice and passionate performance. They develop an acute sensitivity for collaboration and artistic cooperation through intensive ensemble work. In the study of music theory and history, students learn to hear and appreciate various musical languages, distinguish nuances of style, and discern the connections between musical developments and their cultural contexts.

Students learn in a variety of situations: private lessons, small seminars, multimedia labs, ensembles, recitals, and lectures. They are encouraged to participate actively in the vibrant musical environment of the School of Music by attending concerts, lectures, and workshops, and by contributing to the student culture of independently motivated artistic engagement. These experiences foster a holistic approach that embraces academic rigor, artistic intuition, creative ambition, physical grace, and expressive eloquence.

**CAREER OPPORTUNITIES**

The School of Music leads its students toward careers in performance, studio teaching, music education, creating and managing music projects for the media, recording and sound technology, arts management, music journalism, composition, and other music-related professions. Because the music curriculum is rigorous, it is also an excellent preprofessional course of study for those interested in fields as diverse as law, business, library science, or medicine. Whatever degrees one obtains, however, an education in music pertains not only to earning a living through the art but also using the art to enhance one’s satisfaction and joy in living.

BA, BFA, BM, MA, and MM degrees are available.

**FACULTY:**

The music faculty includes active performers, composers, music educators, conductors, theorists, historians, and media specialists who have chosen to mentor the next generation of musicians. They remain involved in their areas of specialization and are anxious to share the learning experience with students entrusted to their care. Many of the faculty have received prestigious recognition for their teaching scholarship, performance, composition, directing, or producing.

The School of Music has a full-time faculty of 50, a part-time faculty of 49, and a full-time staff of 13, all uniquely qualified to serve the needs of a diverse body of students.

**Note:** Students are encouraged to complete an average of 17–18 credit hours each semester or 34–36 credit hours each year, which could include spring and/or summer terms. Taking fewer credits substantially increases the cost and the number of semesters to graduate.

**Note:** Upper classmen and transfer students should plan on 4–6 semesters (including spring and summer terms) to complete the education emphasis in the prescribed order.

In pursuit of the University’s spiritual aims, students learn the divinity inherent in creativity and the devotion expressed by the nurturing of one’s craft.
