# THE DISCIPLINE:

History stands at the heart of a liberal arts bridge between the humanities and social sciences. Historical understanding is thus basic to the life of an educated human being. As such, it is the ideal major for the student who wants the broad educational background for entrance into professions such as law, government service, or business, or who wants a liberal arts education. History can also be valuable training for someone who plans to teach.

# RESEARCH OPPORTUNITIES:

Some students find opportunities to work as Research Assistants for various faculty members up to 20 hours per week.

# INTERNSHIPS, CO-OP & PRACTICAL ED:

History credit (Hist 199R or 399R) may be available for students whose employment qualifies as applicable work experience in a historical field. Students should contact the department for information.

# HONORARY SOCIETIES AND CLUBS:

Students may be eligible for membership in Phi Alpha Theta, the History Honor Society. Contact the History Department for information.

# CAREERS:

In recognition of the broad range of uses to which historical education can be put, the field of public history has emerged in recent years. Today, people whom others would consider bankers, lawyers, corporate executives, or public servants view themselves as historians - public historians. They are the people with analytical skills provided by their historical education who work outside the university but who consider themselves historians by virtue of the value of the training they have received. A significant percentage of the jobs listed by firms and agencies with BYU’s Employment Office specify no major. Many of these will be taken by public historians anxious to serve their employers with the valuable skills learned in their history major.

For more information on careers in your major, please contact the Career Center or the College of Family, Home, and Social Sciences Academic Advisement Center.

Your faculty advisor can assist you in choosing electives to meet your total hour requirement.

**Note:** Students are encouraged to complete an average of 15 credit hours each semester or 30 credit hours each year, which could include spring and/or summer terms. Taking fewer credits substantially increases the cost and the number of semesters to graduate.
